EDUCATION

Avinashilingam Deemed University - Coimbatore

2019 - 2022

BSc Information Technology

Coimbatore, Tamilnadu

TECH SKILLS

- Linux, Ubuntu, PuTTY
- Scripting - Bash, Shell
- Prometheus, Grafana
- ITIL, ITSM
- GitHub Actions
- ServiceNow, Autosys
- Azure - Cloud
- SQL
- HTML, CSS
- Docker
- Python

PROJECTS

Portfolio 📁 | Technology Used :- HTML, CSS, JavaScript **2026**

- Developed a responsive personal portfolio website to showcase projects, skills, and professional experience.
- Deployed the application using GitHub Pages with CI/CD **via** GitHub Actions for automated updates.
- Optimized website performance and responsiveness across desktop and mobile devices.
- [Live site here](#)

Python Log Analyzer Dashboard 📁 | Technology Used :-Python Flask, Docker, HTML **2025**

- A web-based log analyzer built using Flask and Docker. This application allows users to upload log files and analyze Error, Warning, and Info messages in real-time.
- Deployed application on cloud platform (Render) using a Dockerized setup.
- Containerized using Docker and deployed on Render with CI/CD pipeline
- [Download](#)

Linux Disk Monitoring & Log Cleanup Automation 📁 | Technology Used :- Linux, Bash Scripting **2026**

- This project is a simple Bash automation script that monitors disk usage, generates a system report, and automatically cleans old log files.
